● PROFILE

- 10 years of experience in businesses ranging from mid-sized companies to global cooperations.
- Creative, flexible and professional.
- Contribute to an enjoyable work environment.
- Create automated environments that require minimal maintenance.
- Linux is my preferred tech stack but Windows is where I come from.

● EXPERIENCES

Linux Professional Institute Certification Programme (LPIC)

2019 - 2020

Alphatraining Munich

- full-time trainings and certifications for LPIC

Network Infrastructure (full-time work on company de-merger)

2018 - 2019

IFCO Systems GmbH

- migrate on-premise core services to Azure cloud (mail, file, active-directory, mobile)
- decommissioning of on-premise services
- infrastructure de-merge as part of a company split
- rebuild core IT services, infrastructure and helpdesks as result of company split
- Office 365 / Azure AD migration (backend and clients)

Network Infrastructure (servicedesk analyst)

2012 - 2018

IFCO Systems GmbH

- replace mobile devices (Blackberry -> iPhone, migrating from BES 5.x to BES 10)
- relicense and migrate client computers to different operating systems (Windows XP -> 7 -> 10)
- Microsoft Active Directory Administration (account-administration, domain-trusts, permissions)
- software packaging and deployment (WPKG)
- data center and network maintenance (cisco IOS, Windows Server 2003 - 2016, Debian, RHEL, Fedora, Windows XP - 10)
- Storage Administration (NetApp, EMC/Dell Storage)
- Monitoring, log shipping and analysis
- on-site backup, tape backup, metro clustering, storage migration (NetApp -> EMC/Dell)
- in 2010 IFCO got acquired by a company (in 2015 start to unify infrastructure, applications and services)
- reallocate the IP-address space for the company (split network into new subnets, managements LANs and remote sites)
- pre-configure routers, switches and wifi APs and ship to remote sites (cisco ios, meraki)

Network Infrastructure (intern)

2011 - 2012

IFCO Systems GmbH

EDUCATION

Technical College
Berufliches Gymnasium des Unstrut-Hainich-Kreises
1999 - 2003

Anglistics and Business Science
Friedrich Schiller Universität Jena
2004 - 2006

Professional Computer Scientist
Hochschule Wismar
2014 - 2015

Linux Professional Institute Certification Programme
Alphatraining Munich
2019 - 2020

LANGUAGES

German (native speaker)

English (business fluent)

French (basic)

INTERESTS

Music production
(https://soundcloud.com/spzo)

Cycling
(https://datastudio.google.com/s/nVkyQIgIYSo)

- migration of print servers and clients to Windows Server 2008 R2 (IHK project for certification)
- 1st and 2nd level support with a focus on English speaking userbase
- overhaul of the ticket / call logging processes

Vinyl records (https://last.fm/user/ridelore/listening-report/week)

Professional Computer Scientist (IHK)

2009 - 2011

Hochschule Wismar

- IHK certified IT specialist, qualified for systems integration and networks

Legal Assistant (IHK)

2006 - 2009

Allen & Overy LLP

- apprenticeship as a legal assistant
- 1 year focused on first- and second-level support at IT-Servicedesk
- student exchange at Waukesha Technical College (Wisconsin, US)
- certification as paralegal

● PERSONAL PROJECTS

A selection of projects I am working on and/or contribute to. Find more projects on my github profile page (//github.com/phixion)

cv.inferior.dev (https://github.com/phixion/cv.inferior.dev) - My CV (.), hosted and deployed with the help of github-pages (//docs.github.com/en/pages/getting-started-with-github-pages) and the awesome online-cv (https://github.com/sharu725/online-cv) Jekyll theme

ur44-patch (https://github.com/phixion/arch_steinberg_ur44_patch) - A linux kernel patch which adds support for the Steinberg UR44 USB Audio Interface.

sopel-modules (https://github.com/phixion/sopel-modules) - A collection of useful modules for the highly extensible IRC Bot framework Sopel (//github.com/sopel-irc/sopel)

nv-update (https://github.com/lord-carlos/nvidia-update) - Contributions to a powershell script that aims to perform an unattended update of the NVIDIA display drivers on computers running Windows

home-assistantconfig (https://github.com/phixion/Home-AssistantConfig) - The configuration of my open-source home automation, driven by home-assistant (//github.com/home-assistant) and ESPHome (//github.com/esphome/esphome)

steamkey-bot (https://github.com/phixion/steamkey-scanbot) - POC for a bot that scans reddit for steam keys (//partner.steamgames.com/doc/features/keys) and collects or redeems them

● CERTIFICATIONS

My Certifications and Qualifications

MOC20410
Microsoft
Installing and configuring of Windows Server 2012

Jedox System Administrator
Jedox Akademie
Deployment and configuration of Jedox (in-memory DB) server and client.

LPIC Certificate
Linux Professional Institute
LPIC

● SKILLS & PROFICIENCY

communication

open source passion

networks / infrastructure

log shipping / analysis

virtualization / containers

shell scripting

programming
